OVERVIEW

Before Sam Can Text Your Leads, You Need One-Time Government Registration

The FCC requires all businesses sending automated texts to register their brand and messaging use case. This is called **A2P 10DLC registration**.

It's a one-time setup that proves you're a real business — not a spammer. Once approved, Sam AI can legally and reliably send follow-up texts to your leads on your behalf.

~\$4	Brand registration (one-time)
~\$10/mo	Campaign fee (ongoing, billed by Twilio)
~\$1.15/mo	Phone number rental (billed by Twilio)
~30 min	Time to fill out the forms
5–7 days	Approval timeline

PREPARATION

What You'll Need — Get These Ready First

✓ **Your business's legal name**

e.g., "Austin HVAC Solutions LLC" — exactly as registered with the IRS

✓ **Your EIN (Employer Identification Number)**

Found on any IRS letter. Accountant can provide it. Sole proprietor with no EIN? Use your SSN.

✓ **Your business website URL**

Must be live and clearly about your business

✓ **Your business's physical address**

No P.O. boxes — must be a real street address

✓ **Your name, email, and phone**

As the business owner / authorized representative

✓ **A credit card for Twilio billing**

~\$14 to get started

No website? Contact us at hector@getfieldstack.com before starting — we can help you get one set up quickly.

01

Create Your Twilio Account

Time: ~5 minutes | Cost: Free

- 1 Go to **twilio.com** and click "**Sign up for free**"
- 2 Enter your name, business email, and create a password
- 3 Verify your email address (check your inbox)
- 4 When asked "*What do you want to build?*" — select "**Send and receive SMS**"
- 5 When asked about programming experience — select "**No code at all**"
- 6 Add a credit card: **Billing** → **Payment Methods**

Important: Use your business email, not a personal Gmail. This keeps your account professional and tied to your business.

02

Register Your Business Brand

Cost: ~\$4 one-time | Approval: 1–2 business days

This tells Twilio who you are. Fill in each field exactly as shown.

Navigate to: Twilio Console → Messaging → Regulatory Compliance → Brands → Register a Brand

Business Name	Your exact legal business name (e.g., "Austin HVAC Solutions LLC")
Business Type	LLC / Sole Proprietor / Corporation — whichever applies to you
Industry	Home Services
Website	Your business website URL
Regions of Operation	United States
Business Registration Number	Your EIN (or SSN if sole proprietor with no EIN)
Business Registration ID Type	EIN — or SSN if sole proprietor
Business Address	Your real street address (no P.O. boxes)
First Name / Last Name	Your name as the business owner
Email	Your business email address
Phone	Your business phone number
Job Title	Owner

After submitting: You'll get a confirmation email. Approval usually takes 1–2 business days. Move on to Step 3 only after you receive the approval email.

03

Register Your Messaging Campaign

Cost: ~\$10/month | Approval: 3–5 business days

This tells Twilio what kind of texts you'll be sending. Use the exact wording below — it's pre-written for HVAC businesses.

Navigate to: [Twilio Console](#) → [Messaging](#) → [Regulatory Compliance](#) → [Campaigns](#) → [Create Campaign](#)

Select Brand	Choose the brand you registered in Step 2
Use Case	Mixed
Campaign Description	Automated follow-up texts sent to homeowners who submitted a quote request via our website. Messages include appointment scheduling, quote confirmations, and follow-up reminders. All recipients have opted in through our web form.
Message Flow / Opt-in	Homeowners submit a contact form on our website requesting a quote. By submitting the form, they consent to receive automated text follow-ups from our business.

Sample Messages — Copy These Exactly

Sample Message 1

Hi, this is Sam from [Your Business Name]. You requested a quote — we'd love to help. When's a good time to chat this week? Reply STOP to opt out.

Sample Message 2

Just following up on your quote request from earlier. We have openings this week and can usually get out within 24 hours. Reply STOP to opt out.

04

Buy and Assign Your Phone Number

Cost: ~\$1.15/month | Time: ~5 minutes

Part A — Buy a Phone Number

Navigate to: Twilio Console → Phone Numbers → Manage → Buy a Number

Country	United States
Capabilities	Check the SMS box
Area Code	Your local area code (e.g., 512 or 737 for Austin, TX)
Cost	~\$1.15/month

Pro tip: Always pick a number with your local area code. Homeowners are significantly more likely to respond to a local number than an 800 or out-of-state number.

Part B — Assign the Number to Your Campaign

Navigate to: Twilio Console → Messaging → Regulatory Compliance → Campaigns → [Your Campaign] → Assign Phone Numbers

- 1 Click on the campaign you created in Step 3
- 2 Scroll down to "**Phone Numbers**"
- 3 Click "**Assign Phone Numbers**"
- 4 Select the number you just purchased
- 5 Click **Assign** — done!

05

Send Your Credentials to FieldStack

Do this after your campaign is approved.

Once your Twilio campaign is approved, send the following three items to:

hector@getfieldstack.com

Subject line: "FieldStack — My Twilio Credentials"

Twilio Account SID

1 Found at console.twilio.com — top of the dashboard. Starts with "AC".

Twilio Auth Token

2 Found right next to the Account SID. Click the eye icon to reveal it.

Your Twilio Phone Number

3 The number you bought in Step 4. Format: +15125551234

Your credentials are safe. They are stored securely and used only to send texts on your behalf through Sam AI. We never share them with anyone.

WHAT HAPPENS NEXT

Your Approval Timeline

Day 1	You submit Brand registration in Twilio
Day 1–2	Brand approved by Twilio ✓
Day 2–3	You submit Campaign registration
Day 5–7	Campaign approved by carriers ✓
Day 7	You email credentials to FieldStack
Day 8	Sam AI starts texting your leads automatically ✓

What Sam Will Do Once Active

- Instantly respond to new leads within 60 seconds — even at 2 AM
- Follow up 3–5 times over 2 weeks if there is no response
- Qualify leads and route serious buyers to your calendar
- Never forget a follow-up so you stop losing jobs to competitors who respond faster

Stuck? We've Got You.

Most contractors complete this in one sitting. If you hit a snag at any step, just reach out — we'll walk you through it personally.
